Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Sunday 28 Nov 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Cold tonight, risk of ice. Milder in north on Monday.

This Evening and Tonight:
Remaining rain and snow in the south clearing, while wintry showers in the east slowly ease. Clearer skies leading to a sharp frost and some icy surfaces for many areas. Northwest UK turning cloudier with patchy rain and snow later.

Monday:
Fine across southeastern areas but still cold, a touch of frost during evening. Elsewhere, cloudier skies and patchy rain spreading southeastwards, possible early hill snow but turning less cold.

Outlook for Tuesday to Thursday:
Mild and cloudy on Tuesday with rain moving southeast, perhaps becoming heavy for a time. Turning colder on Wednesday with blustery showers, these becoming restricted to eastern areas on Thursday.
